Complete Solutions for a Full Range of Truck and Bus Applications

Fuel Filtration

- Expanded line of fuel filters protect engine components and extend equipment life.
- Includes a full complement of filters to fit Cummins® engines, Racor® fuel systems and DAVCO® Fuel Pro® 380/382/482 systems.
- Twist&Drain™ valves turn the complicated task of removing water into an easy process.

Hydraulic and Transmission Filtration

- Offering a broad line of spin-on, cartridge-style and in-tank hydraulic filters – including high, medium and low pressure options – that protect transmissions, machinery and components in hundreds of applications.
- Complete line of hydraulic accessories to accommodate virtually any mobile application.
- Donaldson Duramax® filters are the highest rated medium pressure filters available.

DURAMAX®

Lube Filtration

- Donaldson lube filters keep engine oil clean by capturing contaminants that can cause engine damage.
- With coverage for a full range of popular engines, Donaldson lube filters meet or exceed application requirements.

Coolant Filtration

- Donaldson coolant filters remove contaminants and maintain cooling system balance – helping to keep today's hot-running engines cool and reducing downtime.

Air Filtration

- PowerCore® technology delivers improved filtration performance in a smaller package
 - Straight-through fluted design for greater efficiency
 - Offers better engine protection with no media movement, expansion, contraction or bunching
 - Contamination encapsulation makes servicing easier
 - Over 10 million sold, over 10 years in service on heavy-duty on- and off-road equipment.
- A full line of air intake systems, replacement parts and accessories for new and retrofit applications – in a variety of styles, sizes, materials and performance specifications.
- Donaldson cabin air filters improve air quality by removing allergens and pollutants before they enter the truck cab.

Mufflers & Exhaust Accessories

- For more than 50 years, Donaldson has been a leading supplier of exhaust systems, components and accessories for medium and heavy-duty diesel powered trucks and equipment.

Your Total System Supplier

Count on Donaldson to have the right filters, mufflers and accessories for your engines and equipment. Our filtration solutions optimize on-road performance and reduce maintenance costs.

Superior AdBlue® Filtration

Liquid Filtration Solutions for SCR Systems

Donaldson understands complex emissions challenges and the need for robust AdBlue® filtration required by original equipment manufacturers. Our metal free filters will meet or exceed industry performance requirements. The design of filter and compressible devices allows to outperform and provide longer life than usual filters using EPDM compressible pads. Donaldson is partnering with OED and AM Distributors to integrate unique and innovative AdBlue® filtration solutions.

NEW

Product Performance

- Standard and custom design options available
- Extensive media coverage for efficiency and capacity needs, including customized media offerings
- Compressible devices absorb AdBlue® volume expansion at low temperatures ($\leq -11^{\circ}\text{C}$ / 12°F), adapting to extreme freezing conditions
 - They will not wear down or deteriorate during the filter's useful service life
 - They are compatible with AdBlue® liquid as well as diesel fuel and other types of engine liquids

Application Flexibility

- Service choice based on local market demands
- Metal-free and environmentally friendly

Global Support

- Worldwide engineering, manufacturing and distribution resources are ready to meet your needs anywhere

Service Parts Protection

- Ability to provide custom design configurations in a variety of shapes and sizes

Donaldson Engine AfterMarket Warranty for Filtration and Exhaust Products

Donaldson warrants its Aftermarket products against failure due to defects in materials and workmanship for the period specified under Terms and Conditions for the particular product.

Donaldson's obligation under this warranty covers replacing the failed product, including transportation charges, only. If the Donaldson product failure is the sole and direct cause of damage to the equipment on which the product was properly installed, Donaldson will reimburse reasonable costs to restore the equipment to the condition it was in immediately before the failure.

This warranty does not cover failure due to misapplication, misuse, abuse, neglect, rust through and corrosion (mufflers), improper service practices or non-Donaldson approved modifications. Engine and equipment manufacturers' warranties remain in effect when Donaldson products are used.

Donaldson must be notified in writing of any claims covered by this warranty within one year of the date of failure. Donaldson, at its discretion, will either physically visit the site where the alleged failure has been found or, request that all parts, Donaldson and other relevant parts, be shipped prepaid to its General Office, in care of the Product Lab or as otherwise specified.

Terms and Conditions

Warranty coverage begins at the date of installation to the original end-user, and expires after the indicated period or kilometres, whichever occurs first.

More detailed information can be found in the Donaldson Europe Operating Guide or can be received upon request.

Disclaimer

The Donaldson European Truck & Bus catalogue contains the most recent application data available. All major European Truck & Bus manufacturers are listed. Each section gives you the manufacturers model number, the engine fitted, the filter type and the Donaldson equivalent. At the end of this catalogue, a quick cross-reference section has been added.

The original partnumbers are given for comparison only. They are not meant to indicate the origin of parts. The information provided in this catalogue is compiled to the best of our knowledge. However, Donaldson makes no guarantee, either expressed or implied as to the accuracy of the data shown and can not be held responsible for any misapplication.

Donaldson operates a policy of continuously developing and improving its product offering and expanding its product line.

Please contact your nearest Donaldson distributor or dealer for applications not listed in this catalogue. This catalogue replaces and makes obsolete the previous Truck & Bus catalogue.
